Terms and conditions of registration

Registration:

Each registration involves the total agreement of the terms and conditions of registration. To be definitive, each registration must be accompanied by a minimum amount of 30% of the price of the trip 30 days before the departure or the global amount in case of a registration less than 30 days before the departure.

○ Price :

The prices are established according to the known and confirmed information extracted from the registration form. This can be changed in case of significant modification of the program.

○ Cancellation :

Guest's cancellation :

Any cancellation must be notified by email or fax

Cancellation fees:

In case of cancellation more than 30 days before the departure, no fees are required

In case of a cancellation 30 to 15 days before the departure, 50% of total payment is refund.

In case of a cancellation less than 15 days before the departure 10% of total payment is refund

SAIL EXPLORER's cancellation:

SAIL EXPLORER can cancel a trip exceptionally.

Indeed, this type of event can happen if the minimum number of participants is not reached so as to be confirmed (3 guests generally). In this case, SAIL EXPLORER will warn the participant at least 3 weeks before the departure. The company can offer a replaced program depending on the available reservations notified by a new registration form or can propose to refund the trip without any compensation.

In addition, the cancellation can be decided for exceptional reasons called Force majeure (political conflict, war, bad weather, any crisis that can prevent the company from doing its job in good condition). In this case, SAIL EXPLORER without any forewarning will inform the client at least 3 weeks before the departure. The company can offer another program depending on the available reservations notified by a new registration form or can propose to refund the trip without any compensation.

○ Prestation :

The offer is described in a form dedicated to the explanation of the tour program. However, because of the activity's type and also because it is an itinerary program, it can be modified according to the weather conditions, the level of participants and also in case of special event (equipment broken, crisis ...).

○ Administrative formality :

SAIL EXPLORER informs the client concerning the different administrative and sanitary formalities necessary to realize the trip. But the client is responsible for their accomplishment and their costs.

○ Technical level and physical condition:

The required technical level in order to participate to "raid catamaran" or "raid kayak" is a good dealing with the boat in moderate wind. It is required in case of individual registration for the catamaran and it is advised for the Kayak. The beginner can participate to both activities if they register with a highly skilled person.

When they register, the participants undertake and promise that they have the required level to realize the trip in good conditions. If the local partner (the guide) of SAIL EXPLORER considers that the level of the participant is too low, he can make his own decision at any time (forbidding of sailing...) to optimize the realization of the trip for the entire group. In this case, any resort or refunding is possible for the client

Also, a good physical condition is required to participate. The guide can make the same kind of decision than for the technical level to warrant a good performance of the trip to the entire group. In this case, any resort or refunding is possible for the client.

Age of the participants:

The trips are offered to adults who are 18 years old or above. The under age must deliver a written parental authorization, and also an exit territory authorization if necessary. If an adult and a minor register at the same time, the minor will be under the responsibility of the adult during the trip.

○ Insurance:

SAIL EXPLORER is insured by its RCP (Civil and professional responsibility) in cabinet Gras Savoye- Compagnie GAN, N° of contract 82954652

○ claims :

Claims concerning the trip must be notified by registered letter at Sail Explorer, 58 rue Jean Jacques Rousseau 75001 Paris within 15 maximum days after the date of return.
